Dear Householder,

JUNKET IS BACK!!!

Due to an overwhelming demand from the junket lovers of Australia, junket has made a comeback as **Simply Junket**, the plain junket powder that you can turn into your favourite dessert, your own fresh cheese or your preferred 'digestion helper'.

JUNKET IS BACK!!!

Simply Junket is a South Australian Company based in Adelaide, and it is being run by the people who have been making your junket for the last 20 years.

We are committed to keeping this product in Australian households... and with your help we have been able to expand our mail order business into a few stores around Australia – THANK YOU!

Junket lovers however did not give up as predicted. The initial flurry of letters and phone calls did not die off. In fact the 20 contacts per week has now grown to 20 contacts per day, and shows no sign of slowing down.

You wanted an explanation and were not shy in letting us know from your letters and phone calls that junket wasn't just an old-fashioned dessert. Junket is many things to many people – a mainstay in the diet of the elderly, is used to make fresh cheese, it helps settle the stomachs of both people and their pets who suffer from motion sickness, it's a cheap and healthy dessert choice for families, it helps with irritable bowel syndrome, it aides digestion in celiac sufferers, it is used by travellers to settle Bali Belly the list goes on.

The game had changed! **THE CONSUMER WAS NOW DEMANDING TO BE HEARD!**

So we listened! Simply Junket was born!

JUNKET IS BACK!!!

When making up your junket, 1 scoop (1/8th teaspoon or half a gram) will set 500ml milk. (10gms = approx 17 tablets)

Please complete the mail order slip below and we will send you the **Simply Junket** style of junket.

Payment options are: **CHEQUE**
